**Sliding Cargo Trays**

# Who we are

Ezi Reach Australia was established in 2009 and has been proudly designing and manufacturing sliding Cargo Trays for Utes ever since. The idea came about after purchasing a dual-cab Ute and realising how frustrating it was to access gear stored in the tub. Everything slid out of reach, and we were constantly climbing in to retrieve it.

After years of refining the design, testing it in real-world conditions, and listening to feedback from Ute owners across Australia, we launched our first range of aluminium and steel slide-out trays. Today, the Ezi Reach lineup includes a patented design in various sizes, Side Boxes, Anchor Loop tie-downs, and our Safety Locking System - all designed to make Ute storage safer, easier, and smarter.

**Ezi Reach is rooted in a single core concept: to make life with a Ute easier and safer. We design quality products that are helpful, built to last, and proudly made for Australia.**

# Our Product Range

## Cargo Trays

As Utes evolve from basic work vehicles into all-purpose machines for work, home, and play, accessing gear stored in the tub has become more difficult than ever. That's where Ezi Reach comes in- our heavy-duty Cargo Trays are designed to make reaching your cargo easier and safer. Built for strength, convenience, and durability, each Cargo Tray is constructed from lightweight aluminium with a hard-wearing powder-coated finish. The result is a practical storage solution that slides smoothly out of the tub, allowing you to load and unload tools, equipment, and cargo without climbing into the vehicle.

90% extension

Hard-wearing powder coated surface

400kg load rating

Accessories to maximise cargo space

Light weight aluminium construction

Multiple locking postions

Quick-release handle

## Side Boxes

Ezi Reach Side Boxes are the perfect addition to your Cargo Tray, offering extra storage and improved organisation for your Ute. Mounted alongside the Cargo Tray, Side Boxes keep smaller tools and gear organised and protected, while maximising tub space by reclaiming the area over the wheel arches.

Our Side Boxes are available in several sizes, including a full set, half set, and quarter set.

Utilise lost space over the wheel arches

Strong reinforced design

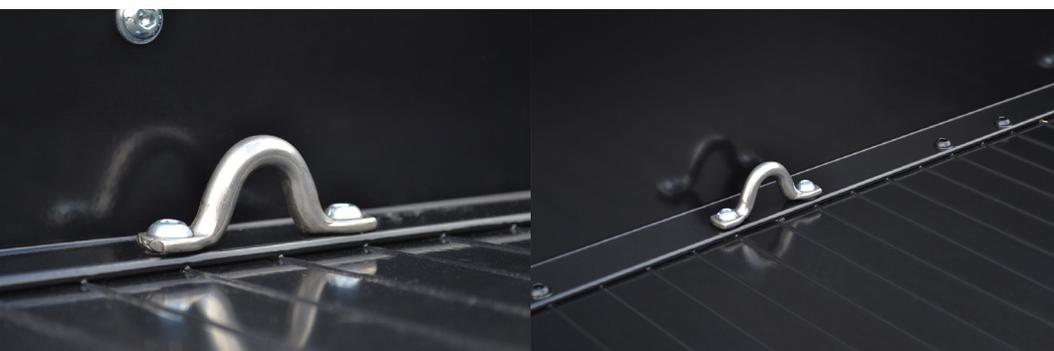

Hard-wearing powder coated finish

Multiple boxes for cargo

## Anchor Loops

Ezi Reach Anchor Loops are an excellent way to secure your cargo, whether you're hauling tools, work equipment, or products. Each set includes 10 durable stainless steel loops, bolted along both sides of the Cargo Tray floor. Anchor Loops can hold up to 250kg and are compatible with ratchet straps, bungee cords, and more, ensuring your cargo stays firmly in place.

## Heavy Duty

Constructed from aluminium and stainless steel with a durable powder-coated finish, these trays are corrosion-resistant, lightweight, and extremely hard-wearing. Whether used for transporting tools, anchoring equipment, or as a work surface, an Ezi Reach will hold up to the task.

## 400kg Load Rating

Strength you can rely on. Thanks to its heavy-duty design and quality materials, the Ezi Reach Cargo Tray carries up to 400kg when fully loaded, and up to 300kg when fully extended. All without compromising ease of use, or safety.

## Easy DIY Installation

Installing an Ezi Reach Cargo Tray is a straightforward process that can be completed within your own workspace. With minimal tools and equipment, installation takes around 60 minutes with two people. The tray is designed not only for simple installation, but also for easy removal if required. Both written and video tutorials are available to guide the process.

TOUGH

## Ease of Use

Using the Ezi Reach couldn't be easier. Its simple one-handed operation is activated by squeezing the handle and either pulling the tray towards you, or pushing it away from you.

## Inbuilt Safety

Our tray design also features an integrated locking system that controls the movement of the tray.

For safety, the tray locks into position every 100 mm if the handle is released. This ensures that, whether your Ute is parked on flat ground or an incline, the tray won't slide out of control or pose a risk of injury.

## Wide Size Range

BYD Shark

Chevrolet Silverado

Dodge Ram

Ford Ranger

Ford F series

GWM Cannon

Holden Colorado

Isuzu D-MAX

JAC

Jeep Gladiator

Kia Tasman

LDV

# BENEFITS

## Increased Productivity

Improve efficiency by reducing the time and effort required to load, unload, and access tools and equipment.

## Reduced Workplace Injuries

Ezi Reach reduces injuries such as back strain, slips, and falls by eliminating the need to climb into the tub or overreach for heavy items.

## Improved Organisation

Ezi Reach helps businesses stay organised and efficient by keeping cargo tidy and accessible, while also securing it to prevent damage during transit.

## Professional Image

Create a consistent, professional appearance across your fleet. Ezi Reach helps present your business in its best light, with organised, well-equipped vehicles that reflect quality and attention to detail.

## Extended Vehicle Life

With equipment and tools securely stored, your Ute experiences less wear and tear, helping to extend its life and reduce repair costs.

## Exclusive Fleet Perks

Partnering with Ezi Reach means more than just quality products- it delivers a smoother, smarter experience for your fleet. Every perk in our fleet program is designed to save you time, money, and hassle- so you can focus on running your business while we take care of the rest.

Business orders receive priority dispatch and delivery, ensuring your trays are packed and shipped ahead of standard orders.

Priority Delivery

Trade Discounts

Fleet orders benefit from exclusive trade pricing, rewarding bulk purchases with significant savings. Flexible payment terms are available to support your business operations.

Enjoy Australia wide shipping, removing unpredictable costs and simplifying budgeting. All logistics are managed by Ezi Reach to ensure reliable, seamless delivery to your fleet.

Free Shipping

Fast Support

Dedicated account support through a single point of contact. Assistance available for quoting, ordering, order tracking, installation guidance, and ongoing after-sales service.

## Bundle Packs

### Bundle & Save

The ProSlide Ultimate Pack is the all-in-one solution for maximising your Ute's storage. This premium package includes:

- An Ezi Reach 'ProSlide' Cargo Tray
- A full set of Side Boxes
- A set of Anchor Loops (10)

Built for businesses that need more from their setup, the ProSlide Ultimate Pack enhances the Ezi Reach with added storage capacity and improved load security. With built-in cost savings, this bundle delivers greater value and a more capable, work-ready setup.
